

ECONO PUMPS - EP SERIES DRUM PUMPS

The new Econo Pumps are both labor and cost efficient. They are designed to replace hand pumps and awkward air-operated diaphragm pumps. These lightweight, easy to handle pumps are available in a variety of combinations. Perfect for drum or carboy chemical transfer applications.

Performance:

- Intermittent Duty
- Up to 6 GPM, 10 ft. TDH
- Max. Temp.: 120°F
- Max. Spec. Gravity: 1.2
- Max. Viscosity: 150 cps

ECONO PUMPS - EZI-ACTION HAND PUMPS

This award winning pump is the choice of multi-national chemical companies for the most convenient and safest transfer of chemicals. The unique patented pumping principle means effortless operation and no wearing parts. Features: safety lock, measured dose and a closed delivery system w/ safety measure, full 2-year warranty. An excellent economical choice for a wide range of chemicals such as: acids, caustics, alkaline, chlorine based chemicals, oils, even high-viscosity fluids (up to 8,600 cps).
